certainly threw us but we were able to make it through with new ideas and ways of achieving this, which is reflected in our Treasurer's report.

He also thanked the Admin team of Sandro, Loretta and Chris for their support this year. Thank you to the teachers for your support, especially during the remote learning phase and throughout the year it is very much appreciated by our families and students.

Working with restricted rules during Covid-19 with limited numbers at events, creative ways to do things were put in place. A few of these include; Online auction of prizes from Breakfast in the Park, the introduction of Quickcliq to reduce money handling.

Class reps from each year group were once again were assigned events throughout the year which included:

Parent Night, a fun filled night was had by all with parents and staff dressing the part for our 70s/80s Music Quiz followed by dancing. Whilst restricted in numbers this event was a great success

The school Disco had over 90% attendance with the school hall was transformed with the Space theme.

We have given 15K back to the school this year for the direct benefit of the students, this is an amazing effort given the restrictions we had and we have a healthy balance moving into 2021 for the 100th Birthday Celebrations.

Our team started out pretty green as we were all newbies and invitations are always open to families to attend meetings. Nominations will be greatly received for 2021. Please do consider joining the committee it's a wonderful way to meet and build friendships while helping raise funds for the school whilst our children loved to see us involved in the various activities.

Thanks again to our committee and the school for your guidance helping us to achieve fantastic outcomes.
