Teachers will ensure that their fortnightly blogs are consistently maintained, and updates provided as necessary.

Mary's Mount Primary School Seesaw Protocols

Purpose of Seesaw

Seesaw is used at Mary's Mount Primary School as a tool to enhance communication between school and home. It allows for streamlined communication of class level notices and the sharing and showcasing of student learning.

Protocols for Seesaw for Parents

1. Teachers use Seesaw's 'Announcements' tab to communicate classroom information to parents/carers. Please note this is **one-way communication** from the teacher to the parent/carer. Please do not respond to any messages via Seesaw.
2. Teachers and parents/carers will use email to contact each other about any child specific information.
3. Please 'like' your child's journal entries freely.
4. Work samples and photos that contain only your child may be shared freely as you wish. However, parents/carers **are not to share** photos or videos that contain other students in the class, this is a breach of the school's Privacy Policy and Code of Conduct. Mary's Mount delivers a differentiated curriculum in all year levels and recognises the diverse needs of all students.

Support Programs are also available to a select group of students who may require extra assistance. At the commencement of each school year a range of assessments are conducted in both literacy and mathematics and the results are used to determine if a student is best placed in a small group intervention program.

- **UFLI Program:** In the early years, Tier 1 intervention is supported in the classroom through an explicit and systematic program that teaches students the foundational skills needed for proficient reading.
- **MACQLIT Program:** MacqLit is a structured, withdrawal-based, and clear reading intervention program designed for small groups.
- **Numeracy Support:** Facilitated through the EMU (Enriching Mathematical Understanding) Program.

Both MultiLit and EMU aim to fast-track student learning through focussed, intensive intervention – so students not only achieve success but also increase their self-esteem and confidence.
